Traffic Increase Changing Map of Daly City

By JOHN HORGAN

"I'M AFRAID what I need is a new map."

Those were the words of Daly City Engineer Art Reschke this week as he surveyed the myriad of road-building plans that are being prepared by the Daly City Building Department.

Reschke and his staff have been working long shifts these past months to keep up with the increase in automobile traffic along Daly City streets.

"Believe me, trying to keep up with the flow of traffic in Daly City can cause some sleepless nights, commented the engineer.

FOREMOST in the minds of department members is the completion of the new $10-million link in the Junipero Serra Freeway, which is scheduled for completion by next spring.

But, with all the benefits of the freeway have come a number of nagging problems, said Reschke.

Among these is the widening of some of the key east-west access roads that feed the new link.

The widening and extension of Hickey Boulevard, for example, is one of the most pressing needs facing the department, according to the city engineer.

New Entrance Set

Daly City is about to alleviate one of its most vexing traffic problems.

A third entrance to the Westlake Shopping Center directly off Alemany Boulevard has been approved by highway authorities in Sacramento and bids for the project will be taken Monday.

The new entrance to the shopping center will be midway between Park Plaza Drive and Lake Merced Boulevard.

Along with Suburban Realty and the South San Francisco Street Department, Daly City is prepared to aid in the building of a four-lane arterial highway from Junipero Serra to Skyline Boulevard.

One of the major drawbacks to this project is the Chinese Cemetery. Permission must be obtained to route the arterial through the cemetery and the permission has not been obtained to date.

LIKE Hickey Boulevard, an extension of Southgate Avenue also is contemplated.

Plans are being formulated to extend Southgate from Cerro Drive eastward to Junipero Serra.

According to Reschke, this work would be done by the city, Suburban Realty and possibly the county.

Another pair of access roads for the freeway system also is being improved.

Both Washington Avenue and San Pedro Avenue will be widened into four-lane throughways.

The streets tie into the new freeway and should be finished by next spring, Reschke said.

APART from the freeway system, other

Lunch Aides Approved by JESD Board

By DON MILLER

Non-teaching personnel will be hired to provide noontime supervision in all schools of the Jefferson Elementary School District, the district's board of trustees decided Monday night after a lengthy discussion.

The move had been sought by the district's teachers on the basis that the extra help would free them for activities more directly related to the education of students.

District Supt. Frank Greenwood said the noontime help would cost the district about $20,500 for the current school year.

He was directed by the trustees to institute a program of training for the non-teaching personnel.

The motion approving the noontime help specified that a certificated person be "immediately available" to the non-teaching supervisor in the event help or advice was needed.

This provision was suggested by Trustee Peter Galiano after fellow trustees had debated the kind of supervision non-teaching personnel should have.

The instructional program for the noontime help was suggested by Trustee O. Wayne Douglas who said that he was in favor of relieving teachers from lunch hour duties but was concerned about the safety of students.

Greenwood noted in support of the action that the district has a "considerably higher" class load average than other districts that have inaugurated a program of providing non-teaching help for noontime supervision.

Earlier in the meeting, the board approved — after another lengthy debate—calling for a $3-million bond election for January 25.

The issue had been approved

Lynch May Lose Mateo Credentials

Charges against Alfred R. Lynch, Pacifica school teacher who was fired last April, were brought before the County Board of Education last week.

On the basis of the testimony it heard, the county board scheduled a hearing for October 20. If the charges are sustained, it could result in the revocation of Lynch's certificate to teach school in San Mateo County.

Previously the Laguna Salada School District had filed suit in Superior Court, bringing the same charges against Lynch. Trial of that case, which affects only his certificate to teach in the Laguna Salada district, is pending.

The charges, all having to do with long periods of absence from his classroom at Vallemar School, allege unprofessional conduct, evident unfitness for service, and failure to follow rules and regulations.

Bringing the charges before the board at the closed session last night, according to County Superintendent of Schools James Tormey, were three members of the district board.

2 Meetings Each Month Will Go On

Meetings of the Jefferson Elementary School District's board of trustees will continue to be scheduled twice monthly, trustees decided Monday night.

Trustee O. Wayne Douglas had suggested that the board consider meeting each week. He said meetings have been running too long and that this is "unfair to the people who attend." And he added:

"We often fail to get around to the most important parts of the agenda until 10 p.m."

The board starts its sessions at 8 p.m.

Douglas said the record shows that many meetings, including executive sessions, have run until 11:30 p.m. or midnight.

"I'd like to spend some more

School Unity Plan Okayed In 7-4 Vote

State Board Will Mull Proposal

A once-rejected plan to unify the Laguna Salada School District by itself and to join the Brisbane, Jefferson and Bayshore Elementary School districts into another unified area is expected to be considered by the State Board of Education at its December meeting in San Francisco.

Last week, the plan was approved, 7-4, by the County Committee on School District Organization at a special meeting in Redwood City.

The committee had failed the week prior to approve the proposal because its 5-4 vote for the plan was short of a majority of the 11-member committee needed for approval.

Al Glantz, deputy secretary of the committee, said yesterday the plan cannot be submitted to the state board until 30 days after the committee's vote of approval.

This means, he explained, the earliest the state board will be able to take up the proposal is the board's December 9-10 meeting.

The agenda for the board's October meeting closes too soon for the plan to be considered, he added.

The proposal would split the

Callan Land Subdivision Is Proposed

A proposal to erect both single and two-family houses and possibly a commercial development on property south of Eastmoor Avenue and east of Westmoor High School was presented to the Daly City Planning Commission last week.

The property had been the subject of considerable controversy last year when its owner, Thomas Callan, proposed an 800-unit apartment project for the land. The proposal was subsequently withdrawn.

Daly City's Topless Case Is Dropped

'Justice Won't Be Served,' D.A. Says

Whether it is illegal to dance half-nude in San Mateo County will not be known until some other girl tries it, because the charges against Gail Ann O'Leary were dropped.

Miss O'Leary was the red-haired lass who was tried in North County Judicial District Court last June for dancing in a topless costume at Big Ben Sharpe's Copperwood Lodge in Daly City.

She was accused of lewdness, indecent exposure and outraging public decency.

Miss O'Leary, on the witness stand, admitted having danced bare-chested, but said she did not do so with any intent to be lewd, or indecent, or to outrage public decency. The jury could not agree on a decision.

A "Sidewalk Sale," featuring outdoor merchandise displays and sales, festive circus music and climaxed with a free square dancing exhibition will open tomorrow for three days in the Westlake Shopping Center.

The center mall will be gaily decorated and banners will extend over both ends of the shopping complex—adding a bazaar-like atmosphere for the event, shopping center officials said.

Another feature of the event, the third annual Westlake Sidewalk Sale, will be the addition of a Thursday night opening for all stores, center officials announced.

Bayshore Voters Okay Bond Issue

Bayshore School District residents in Daly City overwhelmingly approved a $495,000 bond issue last week. The issue is the district's first in 20 years.

Proceeds will finance additional facilities, repair some of Bayshore School's present facilities and provide additions to the present plant at Robertson School.

The vote in favor of the bonds was 319 to 54.

Natalie Lipman, district superintendent, termed the voter turnout "excellent." The margin in favor of the bond issue was 85 per cent. A total of about 800 residents are registered voters in the Bayshore district.

A spokesman for the district's board of trustees thanked district residents for their support of trustees and the administration in approving the bonds.

The spokesman noted that the turnout of voters included not only parents of children now attending Bayshore schools but also residents whose children had graduated from the district in past years.

Miss Lipman said that construction at Bayshore and Robertson Schools should begin about the first of the year and be completed around the middle of October next year.

She explained that the district's architects had completed preliminary drawings and that

Sunny Day Helps Pops In Pacifica

A pleasant sunny day enhanced the setting at the Sanchez Adobe grounds Sunday afternoon when an enthusiastic audience of over 350 turned out for Pacifica's first outdoor pop concert.

The sponsoring association, the Pacifica Association of Performing Arts, known as "PAPA," includes school and city officials on its board of directors and committees.

Sunday's program represented the first in a series of free pops concerts and will be repeated October 17.

Roland Terry, a Pacifica resident and musical director, conducted a concert band of professional musicians.

Among the selections were musical comedy numbers, the "Coronation March" by Meyerbehr and a contemporary "T. V. Suite" whose lively sounds of sirens, whistles, guns, square dancing and hand clapping especially amused the many children in the audience.

The program was geared for

CIVIL DEFENSE TEST SET

Tidal Wave to 'Hit' Pacifica

By BERENICE PALMER

FAIRWAY PARK, one of the most low-lying areas in Pacifica, is scheduled to be "wiped out" by a tidal wave (tsunami) afetr a mock evacuation planned as part of a major Civil Defense drill Saturday morning in Pacifica.

The main purpose of the drill will be to test a new, detailed Civil Defense basic plan and alerting procedure.

A portable first-aid training station, donated by the State and used in Eureka flood work, will be set up in the cafeteria of Oceana High School.

Medical care will be given to 25 "injured" Boy Scout volunteers from Fairway Park.

This will be the first time a training station of this type has ever been used in national or local civil defense drills, Pacifica officials said.

IN A REAL emergency, the first-aid training station would be used as supplementary equipment. The first-aid station can be placed on a flat-bed truck.

Everything is stored in portable cartons — including cots and a new type of disposable paper blanket, fluffed for warmth.

The Red Cross will assist in Saturday's drill and all residents are invited to attend and help out. Nurses and persons with medical experience, especially are needed.

Frank Peters, assistant deputy director of Civil Defense and a senior intern student from San Francisco State College, formulated the new CD plan.

He cautioned residents of Fairway Park that Saturday's test will be only a mock situation.

In a minor test several months ago, he said that a few residents misinterpreted the drill and became alarmed.

Fairway Park was chosen, he stated, because it is less

at the board's last meeting. Proceeds of the bonds would be used to build a new seventh and eighth grade school.

Trustees discussed holding the election in conjunction with a bond issue vote the Jefferson High School District is expected to propose in the next few weeks.

Greenwood pointed out that it would cost each district about $2,500 to conduct an election independent of the other.

Both trustees Douglas and Galiano said the two districts should co-operate in holding their elections on the same date.

"If anything will antagonize the voters," Galiano said, "it would be to have to go to the polls twice to vote on a bond election."

Said Douglas:

"I'd like to speak in favor of co-existence. We (the two districts) have been able to work together in the past very well and I can't see why we can't here."

Board Chairman Thomas Noonan, however, commented that the district has to be "autonomous" about conducting its business.

Greenwood reported that Supt. Edward Morgan of the high school district had told him that the district's trustees would probably favor a late January or early February date for a bond election.

Unity Plan Is Okayed

Jefferson High School District, a situation the state board frowned upon last November when it rejected the same plan.

Because the board is expected to turn down the plan again, North County unification will likely be resolved by a special review committee set up under a new state law, officials pointed out.

The law provides that after the second rejection by the state of a unification proposal, the review committee would be appointed to resolve the stalemate.

time on educational matters," Douglas said.

Trustee Joseph Lewkowitz said board members should be thoroughly conversant with topics to be discussed at the board meeting before they sit down at the meeting.

"If we question, quibble and argue about things, we won't be finishing until around 11:30."

projects are in the engineer's pressure cooker at the present time.

The Park Plaza Drive-South Mayfair Avenue-Alemany Boulevard intersection will be revamped.

Daly City will install eight new islands at the intersection along with four new synchronized stop lights to regulate the flow of traffic at what city officials concede is a bad bottleneck.

Another project, the extension of Sullivan Avenue to Mary's Help Hospital, is just beginning, Reschke pointed out. And he added:

"The work is about 10 per cent complete right now, but we're hopeful that the job will be done by Christmas. In fact, we hope that we can extend the road clear to Southgate Avenue in the very near future."

Summing up, Reschke philosophied:

"Our society has become a slave to the automobile. It's just something we have to live with. But the answer lies in rapid transit and public transportation, which is in the future."

Until then, Reschke readily acknowledged, he and his staff will be spending more long hours solving the city's present traffic woes.

the architects now will proceed with working drawings.

She added that the district had "gambled" on a successful vote on the bond issue by authorizing the architects to prepare the preliminary drawings and as a result "we have saved months and months of planning."

The bond proceeds will finance these improvements:

Robertson School — construction of a multi-purpose room, and four classrooms (to replace four old classrooms now almost 50 years old) and the development of three acres on the school site for recreation use.

New Subdivision Plans Presented

outlined the new plan for the property, which comprises 21 acres.

He said the developers plan to erect five single family homes and five two-family homes at the south end of the property.

He added that the balance of the property would be developed, depending upon the sale of the first homes, into one and two-family homes and possibly stores.

Planning commissioners pointed out that the northerly half of the property is zoned for commercial use and the southerly half for apartments.

They told Lunding they would like to have all the property zoned for the proposed development prior to accepting plans for the project.

Lunding replied he did not feel the zoning should be changed at this time and that all requirements of the ordinance governing the proposed subdivision had been met in the developers' plans.

After a lengthy discussion, the commission voted to defer action on the subdivision until the developer provided more complete plans for the property, including proposed zoning for each lot.

Miss O'Leary to court last summer, asked the court to dismiss the chares Friday morning.

He and District Attorney Keith Sorenson said this does not mean they approve of topless dancing, but indicated "the causes of justice will not be served" by continuing the trial.

Juergens' reasons coincided with those offered by Sorenson:

"The girl terminated her relationship with the Copperwood immediately after the first trial, and the indications are that she has moved to parts unknown.

"There has been no resumption of this type of dance at the Copperwood, and no indication that there will be.

"We don't believe the cause of justice would be served by continuing the trial."

Sorenson added that his men had conferred with Daly City police, and with other officials, about dropping the charges against Miss O'Leary.

family enjoyment as evidenced by many parents with children who preferred to spread out blankets on the surrounding grounds rather than use chairs.

The Sanchez Adobe site, which is in Linda Mar, is circled by large pine, cypress and eucalyptus trees. These provided a combination of sun and shade as well as good acoustics for the concert.

A "So You Want to Lead a Band" contest began the second half of the program after the intermission. A half dozen previously chosen youngsters took turns leading the orchestra.

The orchestra carefully followed the baton of each, resulting in some unusual tempo changes—much to the amusement of the audience.

Second half selections were from the movie, "Mary Poppins."

D.C. Mayor Heads Unit Of League

Mayor Francis Pacelli of Daly City has been elected president of the Peninsula Division of the League of California Cities.

The Division comprises San Mateo, Santa Clara and San Francisco counties. Members meet bi-monthly at sites that are rotated among the three counties.

Pacelli gained the president's chair when Mayor John Shelley of San Francisco, vice president of the division and in line to become its next president, declined the honor.

Election of Pacelli took place at a division meeting Thursday in the Villa Chartier in San Mateo.

than 50 feet above the ocean and has no businesses.

The evacuation area will be west of the highway. Police patrols cars and fire trucks will "alert" all residents with loud speakers and all entrances to the area will be blockaded.

THE MOCK sea wave will be predicted to hit Pacifica at 9:45 a.m. after an "earthquake" in the Aleutian Trench off the Alaskan coast. Notice of the quake will "be received" through a teletype at 4:30 a.m. in police headquarters at Pacifica City Hall.

The evacuation plan calls for all service chiefs and clerical staff members to report to the emergency operating center—or nerve center—at City Hall. Top officials will make decisions. They include the director, Karl Baldwin; deputy director, Paul Rushing; the chief of police and fire chief; and alerting officer, Eldred Lokker.

The Emergency Operating Center (E.O.C.) will then be evacuated according to the plan, as it is less than 50 feet above sea level.

The Pacific Manor Fire House will then become the E.O.C.

Peters said the nearness of City Hall to the ocean is why an emergency operating center is being planned for cement bunkers on Milagra Ridge above Sharp Park. He said other areas 50 feet or less above sea level were in Rockaway, Linda Mar and Shelter Cove.

THE CONVALESCENT home in Linda Mar, Peters said, was a "real worry and headache." Because of the age and physical condition of many of the patients, no actual drill will take place there.

Fire Department personnel, not needed elsewhere, will stand by, assisted by Boy Scouts. In a real emergency, patients would be removed in buses, Peters said.

After Saturday's test, the basic CD plan will be presented to the City Council.

S.S.F. Seeks A Planner— Temporarily

South San Francisco is seeking a planner, but only temporarily.

City Planning Director Anita Robertson, hospitalized for some weeks after a bout with pneumonia, reportedly will not be back on the job for some time.

Her former aides, young men who now work for the county or who have gone back to college after summer interning, are not available.

This leaves the planning department operating with only a secretary, and most of the work being handed over to the Building Department.

City Manager Eugen Aiello said "it is at the point where a decision must be made on whether some thing is desirable for the city, that we need a planner."

D.C. to Hold Instructions For Dancing

The program will include instruction in: fox trot, waltz, swing, tango, cha-cha, rhumba and other popular dances. Bill and Helen Morrow will lead the instructions.

REQUEST RECEIVED

Laguna Ponders New Winton Act

By BERENICE PALMER

Representation on a negotiating council when a council is established, was asked by a teachers' organization at last week's Laguna Salada School board meeting.

The newly passed Winton Act, sponsored by the California Teachers' Association, requires districts with two or more professional organizations to set up a negotiating council that will meet and confer with the board of trustees on employee - employer relationships or instruction topics.

The Laguna Salada Education Association requested the representation in a letter from association president Don Beck to Supt. Fred Lucas.

The Winton Act terms were presented to the board for study and trustees agreed to adopt a policy when terms of the bill are applicable to the district.

In other business, new walkways for three schools were discussed.

Approval has been received from the City Council and Planning Commission for installation of a walkway from Gateway Drive through the Karp development to Fairmont School.

Consideration also was given to a concrete walk between Inverness Drive and Firecrest Street on Hickey Boulevard. Henry Dowlger Incorporated would provide the labor and the cost would be shared by the city and the school district.

Assistant Supt. John Munt presented a revised plan for two baseball diamonds at Ortega School. A smaller diamond will be moved closer to the parking lot. Additional paving was approved for the project.

Trustees postponed until spring consideration of a projected enrollment census for the 1966-67 school year.

Comparison of actual and projected enrollment figures showed an overestimate of 605 pupils this year.

The greatest disparity was in the second grade with a projection of 1160 pupils and an actual enrollment of 1020.

Merchants Welcomed By Skyline

Skyline Plaza Merchants' Association last week greeted new plaza tenants at a dinner-dance held at the Treasure Island Officers' Club.

Introduced to the group at the semi-annual dinner were these new merchants and their wives: Mr. and Mrs. Harold Hanley, Hanley Bros. Floor Covering; Mr. and Mrs. John F. Grealish, sporting goods; Mr. and Mrs. James Diamond, Diamond Junior Department Store; Mr. and Mrs. Chris Mogannam, Buster Brown Shoes, and Frank J. Demeter, Swensen's Ice Cream.

They, along with two other new tenants, will occupy a 13,000 square foot, seven-store addition to the Skyline Plaza Center.

The new units are expected to open about Nobemver 15.

Presiding at last week's welcoming dinner was Fred Tautenhahn, association president. Frank McCarthy served as master of ceremonies. U. R. (Jack) Kendree, managing director of the plaza, gave a brief welcoming address.

Who Took His Skateboard?

A Pacifica youth is without one of his most cherished possessions this week.

Tom Duffy of 1415 Terra Nova Drive, lost his skateboard to a thief in Daly City last week, he reported to police.

The board is yellow with a black stripe. Tom reported its value at $15.

BASEBALL RAMBLINGS:

BEST YOU didn't know that it was rookie Willie Mays who would have followed Bobby Thomson at bat had not Thompson hit his now historic pennant-winning homer against the Dodgers.

As we write this we have no way of knowing whether, at publication, the Giants will win or lose the pennant or be still fighting for it, but no matter where they stand we think that they and the Dodgers have proven this year that no pennant is won without luck, good or bad.

Where would either team have been with the full-season services of Tommy Davis and Orlando Cepeda? Or what if the Dodgers had kept Davis healthy with Cepeda out, or vice-versa? And remember all of the runs both teams scored on wild pitches, errors, bloop hits, etc?

★ ★ ★

ANOTHER IMPORTANT thing both teams have proven is that some games are won not on hitting or pitching or speed, but on guts alone. How many times were the Dodgers, for instance, out-hit, out-defensed, and, occasionally, even out-pitched, yet still managed to win?

No matter what the eventual fortune of the Giants this year, Herman Franks—among many other things — dispelled the theory of going with your best only against the best. Because he pitched Marichal as often against the Mets and Houston as against L. A. and Cincy, because he played Mays against weak clubs, because he refused, in short, to look beyond opponents, the Giants played .650 ball against second division teams, splitting with the top clubs.

This is a record which was usually reversed in previous years, but not reversed quite enough to keep them in the pennant fight.

★ ★ ★

ANOTHER OF baseball's little ironies was the Dodger-Senator trade involving, among several others, L. A.'s lefty pitcher Pete Richert, and Washington's lefty pitcher, Claude Osteen. Richert was a throw-in, unable to do a thing for the Dodgers, while Osteen had won 15 with a last place team.

So Osteen comes to a contender—wins 15 (at this writing), Richert goes with a down-and-outer, also wins 15.

They could have saved a lot of paper work by keeping the fellas, couldn't they?

★ ★ ★

IF THIS doesn't say something for the "aged" athlete, we don't know what does. Both Warren Spahn and Early Wynn won 200 of their 300 (in Spahn's case, 300 plus) AFTER they were 30 years old.

And the major league pension plan probably has almost everything to do with the new theory that "aging" athletes might still have a lot of mileage in them.

Athletes wanting to hang on for that extra couple of years because of the pension may hustle just a little harder to make the squad, and sacrifice those off-season banquets in the name of condition, which, after all, is almost always what beats the vets more than a diminishing of their natural talents.

★ ★ ★

WE HATE to bring this up again, but the only complaints the bat-wielding of Cleveland's Pedro Gonzales drew were that he got a relatively stiffer fine than Marichal.

Nobody called Pedro a coward, unsportsmanlike, a disgrace to the game, and his life wasn't threatened.

So all Marichal was REALLY punished for was his superior accuracy (Pedro missed, you see), not the morality of the act itself.

★ ★ ★

WHY IS IT that double-headers are tougher to win than two consecutive games played on different days?

And we're beginning to wonder, having lived through so many heart-tingling National League pennant races, if the World Series isn't just an anti-climactic spectacle designed to gradually bring the baseball nut up to the surface.

★ ★ ★

AND NOW to some football, and it's about time you say? Sorry, but it never seems like football season to us until baseball seasn's over.

Last year we did a column on how football offenses always turn a full cycle, and wrote that someday the pros would return to Clark Shaughnessy's old straight-T.

Pittsburgh did it against the 49ers', and although 49er coaches called it a "three backs home" offense, it was the straight-T, back in motion, as "new" as the drop-kick — which may also return, someday.

★ ★ ★

AND WE WISH Bob Fouts and Gordy Saltau would cease their jealous little feud, subtly contradicting each other whenever the opportunity arises. Following is example dialogue from a recent game:

"Yes sir, Gordy, that Willard was quite a school boy athlete. Won 16 letters."

"Ha, ha, Bob, gee, he didn't have time for school work, did he," chuckle.

"Well, Gordy, ha, ha, CHUCKLE and HYSTERICAL LAUGH, Willard was an (significant pause) ACADEMIC ALL-ALL-AMERICAN, hah, ha-ha."

"(insignificant pause) . . . well, back to the game, Bob."

★ ★ ★

PET FOOTBALL PEEVES: Announcers who say, 'And it's time out on the field." Where else?

Football coaches, like Navy's Bill Elias, who get trapped in their own cuteness.

Like, after the Stanford game, he said, first, that he was disappointed because a coach is never satisfied with a tie, even if it is an upset.

But later in an interview, when a reporter asked him why he ate the clock up with running plays deep in his own territory late in the game, he replied, "I didn't want to gamble on an interception that late in the game in our own territory."

Sounded just like a guy playing for a tie

★ ★ ★

AND WHY is it that so many television news shows insist on bracketing sports with the weather report at the end of the program?

JONES HOBBLED BY INJURY

S.S.F. Halts Cap for 10th in Row

Warriors to Be Idle Until Bearcat Game

South San Francisco High School, the terror of San Mateo County after whipping Capuchino High School, 27-14, last Friday night at Clifford Field, takes a much-needed rest this weekend.

The Warriors, undefeated this year at 3-0, ran their current winning skein to ten straight with the win over non-league rival Cap and did so with only minimal service from their ace halfback Greg Jones.

Backs Sam Gregory, Mike Mompers, Tony Olmo, Steve Marchand, and John Moro proved that, even without Jones, the Industrial City eleven is rugged.

Jones, who played only briefly in the first half due to an ankle sprain, is expected to be back in two weeks for the San Mateo game.

The diminutive Olme rushed for 94 yards in 12 carries, while Gregory traversed 105 yards of ground in just five carries for a whopping 21 yards per carry.

The breaks in the final period told the story of the South S.F. victory. With the score tied, 14-14, a hard-hitting tackle jarred the ball loose from a Cap player and Warrior defender Steve Marchand fell on it on the Cap 12-yard line.

It took quarterback Johnny Moro just four plays to put the ball over, capping off the abbreviated drive with a two-yard plunge.

The visitors then fumbled on the ensuing kickoff and guard Jim Dentene alertly fell on the ball on the Mustang 20-yard line. Four plays and a minute later, Moro again dove into the end zone, this time from three yards out. Vince Olson kicked the extra point to make it 27-14 with 5:35 remaining in the game.

"I was real pleased to win this one," said a smiling Ray DeJong after the contest. "Cap has a very fine team and I think that our team's tremendous will to win was the difference," he added.

D.C. Athletes Garner Title

Daly City baseball players made a big splash in the Continental Summer League this past month as the Green Lantern nine swept through 11 of its 12 games for the championship.

Ten ex-Jefferson High School athletes were on the roster of the team.

Mike Gutierrez and Jerry Sullivan, standouts for the Green Lantern, will play for the Yankees in the Peninsula Winter League.

Oceana Falls to Crestmoor

Ocean High School will travel to Vallejo to meet Hogan Saturday in hopes of finding their first win of the football season after losing to Crestmoor, 26-0, last Friday in San Bruno.

Jess Jones' club, still winless this year, was never in the ball game.

The Falcons played by far their finest game in two years in racking up the most points in the short history of the school.

Crestmoor rode the air ways on the good right arm of quarterback Glen Grossman, who threw four touchdown passes and kicked the conversion points.

Grossman completed 19 of 25 passes for 140 yards and compiled a total offense mark of 186 yards.

Two of his touchdown tosses went to end Jeff Dirking, who pulled in a 36-yarder in the first quarter that was also Crestmoor's first touchdown of the year. In the third period, Dirking was on the receiving end of an eight-yard pass from Grossman for his second touchdown. Grossman's other scoring strikes were an 18-yarder to Jim Babcock and a 25-yard aerial to Ron Patterson.

The victory gave Crestmoor a 1-1-1 record before they enter Mid-Peninsula League play this week against Hillsdale.

Westlake Bowl

AS THE MONDAY Travel League visited Westlake, Bill Baloni of the Lincoln Bowl team set a torrid pace by shooting a tremendous 647 series on games of 227-224 and 196. Vi Saraceno was the leading lady with a 506 series. Many members of the league took advantage of the opportunity to compete in the PAL Tournament and thereby help the youth program of Daly City.

Speaking of the PAL Tournament, Sunday midnight marks the end of the seventh annual effort to "help build better boys." With over $5,000 in merchandise prizes, there is still time to qualify for one of the major awards. During the past week, groups from Mission Bowl and Sea Bowl have been to Westlake to help this most deserving cause.

★ ★ ★

JUNIOR DIRECTOR Marge Brown is deep in the organization of Junior leagues, teen bowling club, family leagues, etc., but is never too busy to talk with a child or parent about bowling. In addition to the Saturday morning leagues, she has openings for boys and girls in the various travel leagues which bowl in various Bay Area centers each week.

Many of the Westlake Junior bowlers have found that by keeping score in the early evening leagues, they ease the financial "pain" of bowling in two leagues.

Paul Franke would gladly have borrowed a pin last Monday to put him in the 600 bracket. Instead, he led the Canco League with a big 246 game and 599 series.

Golden Gate Handicap League bowler of the week was Aldo Ghiozzi with a 212 game and 572 series.

May Morales topped the Ladies 850 Classic Monday evening with a 223 game and 578 series as more and more spectators gather each week to watch the top lady bowlers of the Bay Area.

★ ★ ★

JUNIOR 900 Coach Fred Von Husen started his career with a clean sweep as his boys took three victories on opening night of the Bay Area Junior 900 Masters' League. Al Nelson led the team and the league with a great 655 series on games of 232-236-187. Dave Smith shot games of 211-216-195 for a 622 series and Grey Devery posted a 206 game.

Arlene Williams, Gloria Patrick, and Jo Omanski were the big winners in the Monday afternoon Blue Chip Special, Arlene winning 1,480, Gloria 1,280, and Jo 1,270.

Bob Bertolani led the boys in the Sunday morning Father and Son League with a big 574 series on games of 186-211-177 while Cy Gibbs topped the fathers with games of 146-181-220 for a 547 series.

★ ★ ★

IN THE SOUTHGATE Mixed Fives, Maxine Chaika was the leading lady with 162 and 475 as Joe Keesey paced the men with a 202 game and 582 series.

Bernice Mahoney with 146—423 and Jerry Middleton with 189—524 led the Saturday Mixed Singles on opening day.

In the Inter-Parish League, Tom Millane was the high roller with a 187 game and 519 series.

Mary Lawson found that she hasn't lost the touch from the summer vacation as she led the Tea Timers' League Tuesday afternoon with a big 191 game and 512 series. There are openings for two ladies in this league. Those interested may contact Rick, Martha, or Arlene at PL 6-5777.

Leading the Tuesday Evening Ladies' Invitational League was Mary Adams with a 198 game and great 572 series.

Sea Bowl

BEARCATS RALLY

El Camino Nipped By San Mateo

By BOB JOHNSON

Prospects for an overall winning season were bleaker this week at El Camino High School as the Colts prepared to move into Friday night's non-league tilt with Serra of San Mateo after losing to San Mateo, 13-7 last weekend.

El Camino must take on a Serra team that already has beaten Aragon, a club that tied the Colts earlier in the year.

After a scoreless first quarter, El Camino got on the scoreboard late in the second stanza. The Colts marched 82 yards in 17 plays, exhibiting good ball control, to score with under four minutes left in the first half.

Bob Reese contributed the big gainer on a 32-yard burst around right end. The TD came on a clutch fourth down pass from Mickey Ackley to Russ Jordan. Vic Ornelas converted and the Colts left with a 7-0 intermission edge.

The Bearcats took charge of the second half opening kickoff and marched 72 yards in 10 plays to score with Tsitovitch and Yoshida picking up the key yardage. Yoshida tallied the TD on a 10-yard sweep around right end with 7:16 left in the third quarter. The Colts charged through to block the PAT attempt.

VIKE GROUND ATTACK

Westmoor Bows To Mills 35-7; Novato Is Next

Still shaken by the offensive display unleashed by Mills High School last Friday, Westmoor High School's Rams jouney to Marin County Friday to play Novato High School.

Pete Matisi's Rams were crushed by a Viking ground attack that ran up 336 yards in a non-league tilt, 35-7, at San Mateo High School field.

Mills, which came off a disastrous 52-27 pounding at the hands of South San Francisco the week before, dominated the game throughout.

With huge Dell Fields (225 pounds) and Marty Kreidt (195 pounds) banging away at the heart of the Ram line, the Viking ball carriers proved too much for the Rams.

The Vikings started their offensive rampage almost with the start of the game. Kreidt, who rushed for 112 yards on six carries, took a handoff from quarterback Dean Joost in the first quarter and raced 58 yards for the Vikes' initial touchdown.

Westmoor came back in the second quarter, on a 77-yard touchdown drive sparked by a 60-yard pass rfom sophomore quarterback Grady Proctor to Larry Baker.

The Ram touchdown came when Jerry Verducci, son of the former San Francisco State athletic director, plunged over from the five-yard line.

That, however, was the last time that the Rams were to cross their opponent's end zone for the day.

The Vikes scored the first time they got their hands on the ball, striking back on a 65-yard run by Fields.

Kreidt scored again on a two-yard run that capped a seven-play, 35-yard drive following a fumble recovery.

Dennis Gilchrist scored from the three and Dave Schaffarzick went in from the 16 on his only carry of the day to close out the scoring.

Proctor making his second varsity start, completed nine of 17 passes good for 116 yards.

Tigers Upset Analy on 80 Yard Return

By GENE GIBSON

Terra Nova High School, fresh off its first win of the season, will attempt to make it two straight this Friday against Half Moon Bay High School.

The Tigers upset Analy High School in Sebastopol Saturday night 7-6, and in the process broke a dubious streak.

The contest marked the first time in nine games that the Pacifica-based eleven had tallied a touchdown.

Tiger halfback Clancy Smith scored that touchdown in the first period on a brilliant 80-yard punt return.

Smith took in the ball on the 20 and headed for the sideline. He was long gone after that.

Fullback Mike Kenny bulled over for the extra point, the eventual winning margin, and the Tigers had a lead they would not relinquish.

In the second half the home team opened up with the best offensive display of the evening.

Analy went 97 yards for their sole touchdown of the night with Fred Guinn rambling 43 yards for the six points at 1:50 of the third quarter.

Terra Nova linebacker Vince Salvamini blocked the conversion attempt to keep his club out in front.

The Tigers got a scare in the final stanza when fullback John Cunningham fumbled the hide away on his own 40. But the Tigers held their hosts at that point.

The contest was marred by 255 yards in penalties, rugged playing conditions and heat.

CHICAGO —Red Grange, one of football's all-time greats, gained 3,637 yards in his three years at the University of Illinois, an average of better than 180 yards per game.

JEFF BLOWS LEAD

Indians Rally For Tie With St. Elizabeth

As far as their prowess in the 1965 football season is concerned, the Jefferson High School Indians are fit to be tied.

Jefferson, which played to a 6-6 deadlock with Ravenswood in its opening game, finished in another dead-heat contest Friday — a 17-27 draw with St. Elizabeth.

The Indians got their tie, however, after blowing a 14-0 halftime lead, and only after scoring a final touchdown in the last six sceonds of the game.

Al Namanny, who ran from fullback post most of the day, took over in the game's waning moments for quarterback Bill Shelver, who had sustained a minor injury.

Namanny connected on a 40-yard scoring bomb to Frank Axiak for Jeff's touchdown, after moving the Indians from midfield with 10 seconds left in the game.

Jefferson scored twice in the first-half on a 26-yard pass from Shelver to Willie Redmond and a 12-yard run by Bob Untalan.

But the visiting Dragons came roaring back in the third quarter, scoring 20 points on the passing of quarterback Don Clark and the running of Ken Sobrero.

Sponsored by the Post-Times

Entries available every Tuesday and Wednesday in The Times; every Wednesday in The Post

RULES AND REGULATIONS

1. Select the winner of each game by placing an "X" in the box on the margin side of the team you think will win. If you predict the game will end in a tie, place an "X" only in the column headed "Ties" between the two teams. If the game ends in a tie, credit will only be given to contestants who predict the tie.
2. Write the total net yards (rushing and passing) that you think the S. F. 49'ers will make in Sunday's game in the box provided. (This estimate will only be used in case of ties between two contestants.)
3. Clip and mail the entry blank to:

FOOTBALL CONTEST
The Post
30 Park Plaza Dr.,
Daly City, Calif.

4. Entries must be postmarked prior to midnight Thursday of this week or delivered to The Times prior to midnight Thursday of this week. The Times is not responsible for entries lost, delayed or destroyed or which fail to reach The Times by 9:00 A.M. on Saturday.
5. To receive the cash prize the winner must pick all 15 games correctly. If the entry does not pick all games right, then the winner will receive 2 tickets to the Big Game, California vs. Stanford, on November 20. The previous week's contest cash prize will be added to the next week's contest if it is not distributed to a winner. This cash prize will be given to the winner of the final week's contest if it has not been distributed before. The final week's winner will not need to guess all 15 games to win the cash prize. In case ties cannot be broken between contestants by means of the tie-breaker, the prize will be divided equally. (This includes ties between contestants who pick 15 winners.)
6. A bonus of $50 will be given to each cash prize winner (not Big Game ticket winners) who is a home-delivered subscriber to The San Mateo Times or indicates immediate delivery of The Times is wanted. To qualify for this bonus, either of the boxes at the bottom of the entry blank must be checked. In the event two or more subscribers divide the contest cash prize, the bonus prize will be divided in the same manner.
7. Number of entries from one household is limited to fifteen (15) on official entry blanks but only one (1) exact sized facsimile of the official entry blank may be submitted. Submission of more than one facsimile in any one week will render all facsimilies submitted by that contestant void.
8. Entries may be attached to a postcard, mailed in an envelope or delivered by hand to the San Mateo or the Daly City offices of The Times.
9. Anyone may enter the contest except employes of The Times or immediate members of their family.
10. The decision of the judges is final and all contestants agree to abide by the judges' decisions. All entries become the property of The Times, no answers may be returned. The Times reserves the right to correct any typographical errors in the entry blank which affect the outcome of the contest. Answers to the contest or winners' names will NOT be given out over the phone. Winners will be notified by The Times.

COMMENT

Freeway Harmony Merits Speed-Up

STATE DIVISION of Highways hearings on freeway locations have almost automatically become scenes of verbal battle and acrimony throughout California in the last several years. There is almost never agreement over alternate routings and there are times when no one appears satisfied with the Highway Division's laboriously and expensively drawn plans.

San Mateo County, therefore, came up with something of a record at a hearing held in Half Moon Bay on projected freeway routings for the Cabrillo Highway No. 1 southerly along the mid-coast area and for the much-needed lateral freeway between Skyline Boulevard and the Cabrillo Highway at Half Moon Bay.

ON THE CABRILLO Highway, where four alternates were presented, there was agreement on the "S" route which would run close to the beaches, permitting a free view for motorists of San Mateo County's beautiful coastline, but allow 500 to 600 yards of intervening area for beach development. This is also the route which would interfere least with the county's huge flower industry.

On the lateral, cross-county route, there was agreement for a freeway along the southerly side of the beautiful, flower and garden bedecked Pilarcitos Valley.

ALTHOUGH Clifford F. Greene, deputy district highway engineer, told those at the hearing that "we don't anticipate early construction of either of these routes," it can be hoped that the novelty of finding all parties concerned agreed on the routings might speed up the state's construction schedules.

In contrast with the harmony that prevails for these freeway plans, the Divsion of Highways finds itself "in the middle" of rough and raucous controversy on nearly every other freeway proposal the length and breadth of the state. It could be an early and positive pleasure for it to undertake projects where the division is not a target for the brickbats and dead cats of dissension.

Congregation B'nai Israel

CONGREGATION B'nai Israel at 157 Annie Street in Colma was founded in 1907 in Daly City after the earthquake of 1906. Members of the congregation first met at the temple at 67 Los Banos Avenue in Daly City, which has since been torn down. It was the oldest temple on the Peninsula. The congregation moved into its new Annie Street temple last month. The first temple had no official rabbi for many years until Rabbi Soloman Shore, the present rabbi, came to the city in 1957. The congregation numbers 75 members.

Here We Go on Yosemite Tour

Don Miller

IT HAD OCCURRED to us the other day that it's been some time since we rambled on in our usual unabashedly biased fashion about that great California natural wonder—Yosemite.

Those of you who have been with us since this column began two and a half years ago may recall that a number of Wednesday mornings have found this space totally occupied with the wonders of Yosemite and with the trials, tribulations and rewards of camping out on Yosemite's roof.

What, then, can be said about Yosemite that hasn't already been said?

The answer to that one, we came to the conclusion over the past weekend, is to say what you've already said more succinctly.

Or, as will be the case at hand, to draw up a suggested itinerary for those of you who have seen Yosemite but who have a friend or relative visiting who hasn't seen it and the time you have for an excursion comprises only a weekend.l

☆ ☆ ☆

NOW, A WEEKEND is a woefully inadequate period in which to assimilate a work of nature that inveterate European travelers will tell you cannot be approached on the continent.

However, a little thinking and planning ahead of time should result in a trip that will include many of Yosemite's highlights and leave your guest with a lasting impression he'll carry back to the homestead.

At least this was the kind of impression a member of our clan back East will take home with him when he returns as the result of a Yosemite excursion over the weekend.

As a starter, we're convinced—after trying both a.m. and p.m. departures—that early Saturday morn is the best time to leave the Bay Area for the park.

There's something about rolling through the Central Valley in the early hours with the fresh smell of the countryside in the atmosphere that is too refreshing not to take in.

More importantly, a first-time visitor to Yosemite should see the whole show right from the start in daylight. That is, the countryside starts to change in progressively dramatic fashion (if you are traveling Route 140 to Yosemite) a few miles east of Merced and you can't see the drama if night has fallen.

Our first visit to Yosemite involved a night arrival and during the latter part of the trip, we could hear great torrents of water rushing by the roadside and vaguely make out the dim outline of something awesome looming above the treetops.

But it wasn't until morning that the full grandeur of what we had heard and what we thought we could see was suddenly and vividly apparent—the turbulent Merced River boiling along at the base of the magnificent granite walls that are Yosemite's hallmark.

☆ ☆ ☆

ONCE IN the park, don't dally on getting settled. You will have been prudent (we hope) to have made reservations early for one of the park's many accommodations and you should get the checking in business out of the way in short order.

This leaves you more time to begin the exploration phase and this past weekend, the phase started promptly with a drive to Mirror Lake.

Some day the lake won't mirror anything any more and although the silting process seems to have accelerated since we first stood on the shores, the panorama of granite domes and lofty pines around the lake still offers one of the most memorable vistas in the park.

After Mirror Lake, it's but a short drive to Happy Isles and the beginning of a trail that ultimately can take you all the way to Mt. Whitney, 211 miles away, but that most folks take just to the top of Vernal Falls, a more modest 1.7 miles.

If your guest is in condition, take him to the top of the falls. If not, the bridge below the falls, .8 mile away, will offer enough of the spirit of Yosemite hiking to show him why hiking is a Yosemite "must" to those who keep coming back.

We thought we had seen about everything on the trail until this most recent surprise when on the way up, we passed a bespectacled gentleman on his way down, carrying a very large bulldog that was exhibiting the most exhausted expression one could possibly envision on the face of a dog.

Hiking, quite obviously, was not this pooch's forte.

☆ ☆ ☆

ONCE YOU'VE completed the Vernal Falls trip, visited the valley floor viewing areas at the base of some of the other waterfalls if the falls are in robust form and witnessed probably the most-watched spectacle in Yosemite—the nightly fire fall—you're ready for more on the second day.

If the snow has yet to make its seasonal bow or has closed its winter act, a drive to Glacier Point with its incomparable overlook view of Yosemite Valley must be considered mandatory for someone acting the role of Yosemite tour guide.

Then, since you're already on that side of the Wowona Tunnel, the exceedingly picturesque drive to the Mariposa Grove of giant sequoia trees at the southernmost tip of the park should offer an eye-opening finale to your guest's first look at Yosemite.

In the grove, he'll see a plaque penned by C. G. Thompson, a former Yosemite Park superintendent. Although Thompson was writing about the magestic sequoia gigantea, we think these last words on the plaque completely sum up the essence of Yosemite:

"Here through a compelling humility, men may achieve a finer integrity of soul."

This may or may not be the reaction of your first-time Yosemite visitor but if it is, then you'll know your tour has hit the mark—dead center.

Better Business

Paint Swindlers Are Back Again

Lorene Beasley

YEARS AGO the housewife had a set schedule for her fall house-cleaning. The same desire for spring and fall cleaning and renovating makes today's homeowner an easy victim of the seasonal fly-by-night home improvement swindler.

The numerous black, sticky driveways are mute evidence that swindlers have had a very profitable spring in San Mateo County, in spite of the many warnings issued by the Better Business Bureau concerning these gypsies.

The bureau receives daily complaints concerning iterinerant painters who are misusing the names of well-known brand paint companies in another scheme to victimize the homeonwer.

These paint gypsters, noted for extravagant claims at very low prices, which too often fail to materialize in the finished job, use the old pattern of telling the homeowner he will get his house painted for labor costs only —the paint company furnishes the paint gratis to demonstrate their paint.

THEY QUOTE the very low price but, when the work is completed, render a bill for much more than the quoted price. One homeowner was quoted a figure of $30 for a paint job, but received a bill in the amount of $300.

Threats of lawsuits pressure many victims into paying for a paint job that will wash off with the first rain because of unknown, inferior brands of paint.

If you are thinking of painting this spring, save yourself money and headaches by following these suggestions:

1. **Talk first** with a reputable paint dealer and tell him of your needs.
2. **Deal with** a locally known paint dealer or contractor. There are many of them in your community.
3. **Ask** a reputable painter to specify in writing exactly what he will do and the trade name and color of the paint he will use.
4. **Plan** to be home when the painting is done. Check to see that the work is done according to the contract.
5. **Remember** that you get what you pay for. Cheap paint or a cheap job of applying it will be more costly in the long run.
6. **Do not sign** papers unless all verbal statements are included in writing.
7. **Never sign** a job completion certificate until the work whether it is painting, siding or any other home improvement, is completed according to agreement.
8. **Investigate** before you invest by calling your local Better Business Bureau.

Off Stage Attitudes

Barbara Bladen

SOME OF THE BEST theatrical stories are about leading men and women upstaging each other. They are a part of theatre tradition.

We were anxious to see Jean Fenn and Giorgio Tozzi together at lunch the other day and observe how two opera stars act off stage when they've an opportunity to shine in their own setting.

The leading stars of "The Great Waltz," the Civic Light Opera musical at the Curran Theatre, disappointed us. They're just like other people, not pompous or temperamental or showy. They did entertain us with stories about incidents with other singers, however, so our sadistic sense of humor was appeased.

"Strangely enough, I never had any trouble with Maria Callas in the two operas I sang with her at Venice," Tozzi noted. "Although she has a reputation for being difficult, I never saw it."

He remembered how she wore the same costumes for "Medea" and "Lucia" she had worn at La Scala, which is a much larger house. "She swept onto the stage in wall-to-wall capes and we had to climb over them to move from one position to another."

MISS FENN, a regal soprano who sings with the Metropolitan Opera Company and began her career with the Civic Light Opera, remembered a tenor in "La Boheme" who thought he was being funny by handing her a wet piece of bread during her aria.

"I got even when he started to sing the famous 'Coat Aria' where he holds it in front of him and says how sad he'll be to pawn it. I shivered very loudly, remarked on how cold I was, picked up his coat, put it over my shoulders and walked off stage. It left him without a necessary prop."

But they countered that this kind of up-stage double-crossing isn't frequent. There would be plenty of room for it in such a show as "The Great Waltz" where Miss Fenn's role is almost always teasing and baiting Strauss Sr. They are probably enjoying their roles too much to think of destroying any part of the story with pranks.

"TALK BOUT UPSTAGING," Miss Fenn laughed, "the Los Angeles Music Center upstages any production, no matter how opulent. Then try singing with all that scenery hanging above your head. Here at the Curran, there is so little backstage room, everything is stored above the stage. I look up and wonder if the Vienna Woods will fall on me."

That reminded Tozzi of the time the column fell on him during "The Magic Flute" at the Metropolitan. "I went out like a light and came awake in my dressing room. All I could think about was my next aria. The critics praised it and the audience loved it, but I never remembered singing it at all. It was a reflex action and I was probably still in shock."

Although the beautiful Edwin Lester production has been invited to New York's Lincoln Center, neither of the leading stars knows whether he or she will be available for it. They both have other committments that may have to be canceled.

The problem isn't as great for Tozzi who is contracted to sing eight performances with the Metropolitan Opera Company this winter and could conceivably hop back and forth across the street for rehearsals.

Art at the Library

BARBARA ROAY, left, of 1067 Hanover Street and Caron Amos of 201 Northgate Avenue, both of Daly City, admire an exhibit of paintings by Polish artist Janine Derdzinski at the Westlake branch of the Daly City Library. Painting at left is entitled "Spilled Wine." Canvas at right is entitled "Philippines." The artist follows the "representational" school of painting.

The Old West Is Revisited

Samuel Chandler

GUNSMOKE is in its eleventh season. Bonanza is more popular than at any other time. Westerns have been most popular on the late and the late, late shows. So the mythology of the Old West rides on.

Historically speaking, the Old West lasted about a half century. In its towns, vice, brutality, and filth were commonplace, but so were mud houses, clapboard stores and saloons, stockyards and roads that were quagmires during rain storms.

☆ ☆ ☆

THE QUEEN of the cowtowns, as any Hollywood fan can tell you, was Dodge City, Kan. In a recent article, Colin Rickards outlined the true nature of the town in its prime.

It was the loading station for thousands of cattle that had been driven from such far away places as Texas and the Dakotas. Within the town itself, the buyers' yards were stacked with partly cured — and stinking — buffalo hides awaiting shipment to the East.

Dodge City stood in the middle of a plain nowhere near the mountains that Matt Dillon travels through. Its marshalls were bearded men in sloppy clothes who preferred a rifle to a Colt 45. None of them was named Matt Dillon. That tall, clean young man was created in Hollywood by Morton Fine.

There was a Wyatt Earp, however. But alas, he never cleaned up Dodge or any other Kansas cowtown, though he worked as a lawman in Dodge City and in Wichita.

After a brief career in Dodge, he went to Arizona where he clashed with the local sheriff and the rustler element. His most famous quarrel, which ended in the gunfight at the OK corral, resulted in his being run out of town.

☆ ☆ ☆

AS THERE was no Matt Dillon, there was no Ben Cartwright either. But there was a firm of Thompson and West that published a history of Nevada in 1881 with Myron Angel, a San Francisco newspaper man, as editor.

Chapter 40 of the book reports that during the early history of Nevada Territory, there were 402 deaths due to homicide. "Those due to trivial causes or none at all, are assigned to more than one-half. The majority of these can be safely set down as having begun in frivolous bravado and would never have occurred had men not gone around unnecessarily armed."

Many of these deaths occurred during quarrels over land titles. Fifteen were results of quarrels over women, some were due to money problems. Most of them occurred in saloons and gambling places.

Most duels were spontaneous with the participants shooting it out at close range in a sudden burst of violence with the other men trying to stop them. While few mobs arose to lynch killers, justice was slow and colorless. Most killers were freed or sent to prison without any more excitement than the ten o'clock news.

☆ ☆ ☆

BUT THERE were heroes aplenty in the Old West. The records of ten of them are included in a new book, "Heroes Without Glory" by Jack Schaefer. Among the ten mentioned was George Augustus Frederick Ruxton, an Englishman who became a friend of the Indians and helped bring peace to California's El Camino Real in the era of Mexican bandits and colorful highwaymen.

Another mentioned by Schaefer is Chief Washakie whose memory is revered in four states for keeping the Shoshone Nation out of the wars that brought years of horror to the Rocky Mountain West. While Bear Hunter and Chief Joseph made the trails red with blood, Washakie co-operated with the leaders of the whitemen. He was a great statesman and a noble warrior.

Sugar... 'n' Spice

By NELL NORTON

IT MUST be great fun to write a recipe book. I find it most pleasant writing a column and testing and trying all the recipes that come my way. But to have available so many recipes and to be able to illustrate the book with the beautiful pictures that are produced today must be a joy.

What brings this to mind is the attractiveness of the "100 New Bake-Off Recipes" booklet that I received and have been enjoying recently. There is nothing like a colored picture of the results of a recipe to inspire you to try that recipe. Just such a picture inspired me to try this next recipe and it was as delicious as it was pretty.

CORNED BEEF WHEELS

½ cup finely chopped onion
½ cup (4 oz. can) drained mushroom stems and pieces
3 tbsp. butter
one-third cup dairy sour cream
1 can (10-oz.) corned beef, finely chopped
one-third cup tomato soup (reserve remainder of 10½-oz. can
1 tbsp. Worcestershire sauce

Saute the onion and mushrooms in butter. Reserve one-fourth cup. Stir in the sour cream, tomato soup corned beef and Worcestershire sauce. Blend well. Remove from heat and chill while preparing dough.

CARAWAY BISCUITS

2 cups sifted all purpose flour
3 teas. double-acting baking powder
1 teas. dry mustard
½ teas. salt
½ cup butter
1 unbeaten egg
2 teas. caraway seed
¼ cup milk

Sift together in a mixing bowl the flour, baking powder, mustard and salt. Cut in the butter until particles are fine. Lastly add the egg, caraway seed and milk. Stir until dough clings together.

Roll out on floured waxed paper to a 14 by 12-inch rectangle. Spread with filling. Roll up, starting with the 14-inch side; seal edge. Cut into 12 slices. Place in a 12 by 8-inch baking dish, which has been greased. Bake in a 425-degree oven for 25 to 30 minutes. Serve hot with sauce.

SAUCE

1 cup dairy sour cream
tomato soup (that you saved)
½ teas. salt
one-eighth teas. pepper
reserved onion-mushroom mixture.

Combine all ingredients in top of a double boiler. Heat thoroughly over boiling water. If too thick, thin with milk.

IN MAKING the biscuits I used my pastry blender to cut in the butter and I want to say here that if you good cooks don't have a pastry blender you are missing something. For it makes all types of pastry making so much easier and I'm sure they aren't expensive. I bought mine so long ago I haven't any idea what they cost, but whatever it is, it's a good baking investment.

With the Corned Beef Wheels I made a cabbage and carrot slaw and instead of the usual dressing I added fruit and fruit juice. It was very good and the colors made me think of Hallowe'en.

HALLOWE'EN SALAD

4 carrots
½ head cabbage
4 slices pineapple
¼ cup raisins
1 tbsp. sugar
½ cup mayonnaise
1 tbsp. pineapple juice

Peel and grate carrots (one way to preserve your fingernails and temper while grating is to hold the carrot by the small end). Grate or chop the cabbage fine and mix with the carrots. Cut the pineapple into small bits and added it and the raisins to vegetables. Blend the sugar, pineapple juice and mayonaise and pour over slaw. Mix well and chill in refrigerator.

"DENTAL HEALTH FACTS"

Many people do not know that a person can lose all of his teeth—even though they are not decayed.

Gum disease can cause loss of all teeth, by leading to destruction of the bony sockets and the periodontal membranes that teeth need for support.

Gum disease is often the result of neglect that allows accumulation of tartar on teeth; if not removed, these accumulations start the processes that result in disease.

Regular checkups give the dentist an opportunity to guard against gum disease by cleaning and scaling the teeth. Even if the gum disease has started, your dentist, if given a chance, is usually able to prevent serious trouble.

Dr. Campbell tries to limit his practice to the making of dental plates, partial plates, removable bridges and extractions for same; however, he recommends that you see your dentist at least twice a year in order to help prolong the use of your natural teeth as even the beautiful modern dentures are not as efficient as healthy, natural teeth.

By LOUANNE HEATH

THERE IS an excellent chance that the initials A.C.E. hold no particular significance for you, but, if you are a parent with children under the age of 12 years, A.C.E. may already have had a direct influence upon your child.

Daly City has had a local branch of A.C.E., the Association for Childhood Education, for only a little more than one year. Internationally, however, the organization has a long and distinguished history.

The basic premise upon which the group was built and continue tso grow is simple, nothing should be more important to a teacher than to help his young charges. The members emphasize they belong so that they may continue to grow in awareness, intellectual curiosity, and in depth of understanding so they may serve the children they teach to the very best of their ability.

"Every activity we engage in is designed to benefit the children," explained **Mrs. Gertrude Madrosen**, vice president in charge of nursery school education.

Twenty-five members gathered on June 6, 1963, to form the local chapter. Last week, 103 members plus a substantial number of new teachers, P-TA officers, and school administrators attended the first autumn gathering, a dinner and lecture honoring new teachers, in the Olympia School in Westlake.

Members of the executive board have selected for the theme for 1965-66, Children Need People Who Strive to Meet Their Family and Community Responsibilities. Launching the series last Tuesday was **Mrs. Rosemary Hillman**, kindergarten teacher from Thomas Edison School, whose topic was "Understanding Children: A Teacher's Contribution."

Mrs. Hillman's remarks on the need for an uncluttered focus and the urgent need to equip the youth of today with courage if we are to have lively learners in the classrooms instead of timid conformists, were well received by a thoughtful audience which agreed that teachers must discard the roles of trainers, judges, and shepherds and become instead clarifiers, supporters, and respectors of the child.

☆ ☆ ☆

ACCORDING TO Mrs. Georgina Nyhan, one of the organizing members, former president and current parliamentarian, the unit awards an annual scholarship to a local girl planning to prepare for a career in education. **Jill Causon**, currently studying at San Francisco State College received the first A.C.E. scholarship when she graduated from Westmoor High School, and **Susan Colang**, was awarded the scholarship this June when she graduated from Jefferson High School.

In addition to Mrs. Madrosen and Mrs. Nyhan, officers include, **Mrs. Mary Wade**, president; **Mrs. Florence Ofenheim**, vice president, kindergarten; **June Cain**, vice president, primary; **Mrs. Patricia Toft**, vice president, intermediate; **Mrs. Marlene Elsbree**, treasurer; **Mrs. Barbara Gilmore**, recording secretary, and **Mrs. Jan Beekman**, corresponding secretary.

IN KEEPING with the theme of A.C.E. is the goal of the YMCA Indian Guides' movement. Totally unrelated, both groups seek to aid the youth of the country.

The Y-Indian Guides is a father-and-son program which employs the lore of the American Indians as a center of interest for fathers and sons who participate together, in the activities.

According to **Hal Gregory**, known in is "tribe" as **Eastwind**, the Buffalo Nation of the Y-Guides, which covers the South San Francisco and Millbrae area, will hold a Get-Acquainted Council on October 14 at 7:30 p.m. in the all-purpose room of the Avalon School at 375 Dorado Way in South San Francisco. Reason for the assembly will be to explain the organization to fathers who have sons between the ages of five and seven.

If your son is within the age group covered by the program urge your husband to take the youngster to the Get-Acqauntied Council and listen to the program outline. Fathers and sons are invariably impressed with this activity and the benefits to both fathers and sons are immeasurable. If the time and place of the October 14 council are inconvenient, telephone JU 9-3176 or JU 9-7176 for information.

Assisting Mrs. Bastien with the newly reformed troop is **Mrs. Marge Locke**.

Christmas Close, Says Post Office

Christmas might be 80 days away but the Daly City Post Office already has made preparations for the mailing of letters, cards, and parcels.

The period from October 21 to November 10 has been designated as the best time in which persons should mail articles to overseas points and to members of the Armed Forces, Postmaster Vincent Murphy advised today.

Air mail greeting cards and parcels to overseas points should be mailed by December 10 at the latest if they are to have a reasonable expectation of delivery prior to Christmas, he explained.

Some articles are prohibited at certain military post offices. The Daly City Post Office advises that persons may check in advance before packaging these articles.

Coast Housing Group Asks Home for Minority Family

A rental home for a minority family is needed by a human relations group interested in housing in Pacifica.

Mrs. Robert Powers, a member of Pacificans for Fair Housing, said the organization maintains a housing list for members of minority races who seek housing in Pacifica.

She explained that some areas in Pacifica would be especially suitable since they have older houses with lower rents and sale prices than are available in newer housing plots.

She cited Sharp Park, Vallemar, and Rockaway Beach as three areas from which her fair housing group would appreciate listings.

The present minority family includes a mother with six children from four to 14 years of age. She lives in crowded quarters in San Jose and is seeking a house to rent in Pacifica.

Mike Haggerty is president of Pacificans for Fair Housing. Mrs. Powers said that residents may contact her at 359-2363.

The Pacifica Cadet Squadron, 102, of the Civil Air Patrol announced last week that Major Charles L. Starr has been promoted to lieutenant colonel.

Postmaster Says Bidding Is Too High

Two bids received by the Daly City Post Office for the provision of postal services in the Bayshore area have been termed "excessive" by Postmaster Vincent Murphy.

The bids were submitted by two stores and were forwarded to regional post-office authorities for review.

According to Murphy, "there will be a rebidding in the near future."

The Bayshore area was annexed to Daly City in 1963 and has been served by the city's post office since January of 1964.

The post office is seeking a merchant who can provide postal services and whose store would serve as a delivery station for mail for which notices to call have been left with intended mail recipients.

JESD Streamlines Its Agendas for Meetings

A new streamlined agenda has been introduced at meetings of the Jefferson Elementary School Board of Trustees.

Inaugurated by new superintendent Frank Greenwood, the agenda places two stars before action items that are of a routine nature and can be approved in one, covering motion.

The newly styled agenda was introduced for the first time at the September 20 board meeting.

It was met with many questions and some confusion by trustees who have been used to the usual discussions that seemed unavoidable with every item on the agenda requiring a motion.

After a careful study of each starred item and a blanket motion to cover passage, trustees seemed pleased with the efficiency and time saving of the agenda.

Terra Nova Topics

By MARIA MONTENEGRO

TIGER SCHOOLERS returned to education this year to find some new additions to Terra Nova High School life.

At the assembly on the first day of school, the first change they noticed was the improved P.A. system. A new speaking system has replaced last year's rumbling apparatus.

Also at the assembly, the 15 new tachers who grace TN's classrooms were introduced.

Increased enrollment of 120 students (the student body now numbers 1,235), the departure of seven teachers, and reduction of class sizes for educational purposes created the need for new teachers.

☆ ☆ ☆

A NEW PROGRAM, TESOL (Teaching of English to Students of a Foreign Language), is under way.

Sixteen foreign-speaking students from all over the school district are bussed to Terra Nova daily, where they attend regular P.E. classes and study science, math, social studies, and English under Miss Margaret Correa. TESOL's goal is to train students to speak English well enough to go on to take regular classes.

Artistic fervor has hit the TN scene with two new drama classes. The classes call for production of at least two plays and the formation of a new drama club which will be combined with the speech club.

☆ ☆ ☆

WITH FURTHER signs of activity the drama department will sponsor "Terra Nova Talkies," a series of complete Hollywood films, shown on campus for minimal entrance charge on Tuesdays at 7:45 p.m. Coming attractions are: "A Raisin in the Sun," November 16, a drama with Sidney Poitier; "Macbeth," November 30, with Orson Welles; "You Can't Take It With You," and "The Barbershop," with W. C. Fields, December 14, and on January 18, a film classic, "Citizen Kane." Tickets sold at the door.

☆ ☆ ☆

THE MEDICAL world also has touched the Tiger campus. The new Future Nurses' Club had its first organizational meetinging Wednesday, September 29.

☆ ☆ ☆

IT'S NOT news that TN Senior Neena Nocita is a fine student but it is news that she is a semi-finalist in the National Merit Scholarship Competition, which makes her eligible to try for the final and a scholarship in December.

The National Merit Scholarship Qualifying Test places junior-year high school students in their academic percentile.

A unique new idea has taken hold at Terra Nova—more about it in next week's column!

D.C. Junior Teen Clubs Schedule Fall Programs

The junior teen club program sponsored by the Daly City Recreation Department will begin its fall program next week. Three clubs will meet.

The Bovines (Bayshore School) Imperials (War Memorial Community Center), and Casualiers Colma Intermediate School) junior teen clubs will begin their fall programs Friday, October 15, and will meet from 7 to 9 each first and third Friday night.

The Know Names, Roof Raisers, and Telstars will open their programs on the succeeding Friday night, October 22.

For further information, interested persons may c all PL 5-0650.

Win-Place-Show At Gourmet Table

Those who visit Bay Meadows will be in the winners' circle when selecting the Gourmet Table for after-the-races dining. You can eat here for less than a "two dollar" ticket. The Gourmet Table is a "winner," the "place," and all you have to do is "show" to enjoy the cuisine.

Big Al, Tara, Robert Taylor, Troy Dodds, and Big Al's Gun Molls make up a show package that's keeping the crowds rattling the doors of Big Al's in Francisco North Beach. Make this scene as soon as you can.

Password in the Villa Chartier dining rooms, these evenings is "Make mine Maine Lobster!" Fact is, I'm going to make it mine this evening.

Cocktail hour at the Burlingame Hyatt House seems to be the favorite site for the secretaries from the many nearby offices. Great place to relax after dictation sessions.

Phil Lehr got an all-time long-time dinner reservation for his downtown Steakery—250 Shriners who will convene here July 4, 1966.

The musical versatility of Dale Price rounds out the entertainment at Plateau 7, the elegant sky-high gourmet restaurant on First Street in San Jose.

Delighted to see Theresa and Bud Urban back at their Redwood City Scotty Campbell's restaurant. While the Urbans tended to their Eastern resort business, Mary Lou, Theresa's sister, "tended the store" and introduced a "Scottish look" to the restaurant that's the talk of the territory. Prime rib gourmets are in for a big taste treat here.

BRIGHT LIGHTS
Entertainment and Dining
by LLOYD JOHNSON

Larry Benson's Girdleers to Me-n-Ed's Oct. 8

Me-n-Ed's has an entertainment plum in the form of Larry Benson's Girdleers, who will debut Friday, Oct. 8. Stop by and enjoy a "Sing-along" session with Larry, who, incidentally, just returned from a nitery tour in Las-Vegas.

This weekend there will be dancing to Bert Pearl and his Red Vest Trio.

10 different blends of delicious pizza; light and dark beer on draft for cheer.

Frank Torres has been at the same Montara Beach hotel site since 1939. In "eatin' words," that's quite a few Papas Rellenas. Dancing Friday and Saturday nights to the John Rusconi Trio.

Vince Licata off for a fun tour of the Tahoe and Reno fun spots. This "kid" gets around like Robin Hood in Sherwood Forest.

Evana, formful French songstress, is co-featured at the Redwood City Tin Pan Alley, along with Lola, exotic belly dancer. Johnny Coppola's orchestra backs the shows and plays for dancing.

Lou Styles and The Stylists continue to crowd Nero's Nook at the Palo Alto Cabana Hotel—while the Art Ched Trio plays in the Bon Vivant Room for Friday and Saturday night dinner-dancing.

Ever wonder where many of the attractive air line hostesses make their home base when in this area? The Benjamin Franklin Hotel, that's where.

Legion Cocktail Lounge Open

The Legion Cocktail Lounge is now open. If your plans include a special party (up to 400 persons; give William (Bill) Dent or Leo Oberhaus a phone call (365-1337).

Happy hour cocktails are served 4 p.m. to 7 p.m. from 35 cents. The lounge seats 100, or more persons and is open seven days a week from 10 a.m. to 2 a.m.

The exterior includes a barbecue garden—with a pit that looks as if it would accommodate at least 300 steaks at one time. Picnic tables galore.

Frank Dennison Returns To Mt. View Caravan Inn

IT'S LIKE OLD TIMES at the CARAVAN INN in Mountain View. FRANK DENNISON, the colorful and popular innkeeper who is noted for his imaginative and exciting approach to hotel operation, is back at the helm of the plush 125-room hotel which has been purchased by a group of San Francisco businessmen. His return to the Peninsula means excitement. Also familiar at the Caravan: BILLY TAVAKE'S ISLAND REVUE "Sounds and Dances of the Islands" starring lusciously proportioned PRINCESS TIARE and SALAMI. The hula swingers keep things interesting as they perform onstage nightly. JACK LOFTUS has returned to mix potables. Luncheon and dinner are served in the elegant Persian Room and the coffee shop is open from 6:30 a.m. 'til 10 p.m. The hostelry is in a $50,000 program of refurbishing and redecorating. Since he operated the hotel in 1962, Dennison has supervised hotels in Washington, D.C., Atlanta and Milwaukee, and also managed San Mateo's Villa Hotel when it was a Sheraton affiliate.

FINOCCHIO'S current musical revue not only has a unique title, "Who Needs Automation," but is a most unique show from beginning to end. Few offerings of Finocchio's noted female impersonator have equalled this one and none have surpassed it. The top stars are all comedians: ELTON PARIS, FRANCIS BLAIR, LUCIAN, and BOBBIE D'CASTRO, a newcomer who goes over big in his impersonation of a gorilla from which illusion he transforms himself into a pretty blonde dancing gal. Leading in the galaxy of impersonators of glamour gals are Singers LAVERNE CUMMINGS, AL ST. CLAIRE and CARY DAVIS . . . Get in the swing of things! Visit the famous GOLD STREET, just off Montgomery, San Francisco. During the Happy Hour all drinks are only 50 cents. The best in cool tidbits or hot hors d'oeuvres served by cocktail waitresses donned in the scanty Gay 90's costumes. Gold Street also features the bottomless champagne glass daily from 5 p.m. to 6 p.m. Genial hosts DON ALTENBURG and RAY DOMINO will make sure you have a great time.

WITH AUDIENCES BEATING a steady path to the topless and near-topless entertainment spas, a Miss at the Galaxie bills herself as "Topless Terri"—and well rates the "top billing." Terri also adds a swim performance to her act which is real eye catching! . . . Rumors have steakman Lew Lehr readying a first annual Lew Lehr Invitational Golf Tournament solely for restaurant owners . . . George 'n' Teddy and The Condors, perennial favorites in the San Francisco Bay Area and one of the hottest groups in show business, have been signed by Tiger-A-Go-Go bossman, Bill Gilbert, for a four-week stand—bowing in Tuesday, October 5. This exciting rock 'n' roll group shook San Francisco on its foundation some three years ago at a night club in North Beach. Since then, George n' Teddy and The Condors have been signed by Reprise-Warner Bros. recording to a long-term contract; appeared on ABC-TV show "Shindig"; made a movie for Scopatone, and made many hit records. Their latest album, "George n' Teddy Live From Ciro's Le Disc' is still selling like hot cakes .

Earth Haul Is Okayed In Pacifica

A permit to remove some million yards of fill from the top of a mountain just south of the Sharp Park road was awarded to Mike Cozzolino, Millbrae developer, by the Pacifica planning commission Monday night.

The award was granted by a three-to-one vote, with Commissioner Louis Lorenz dissenting, and over the protests of a large delegation of residents from the nearby Pacific Heights tract in San Bruno.

Nearby householders complained that a dust nuisance would be created and that a quarry operation in the area would be dangerous to children.

It is expected that the elevation of the hill, which now is peaked by an Easter cross, will be lowered some 90 feet. The fill will be used on the new Junipero Serra freeway.

Commissioners set up a series of restrictions on the operation, including a limitation on trucking to the hours between 9 a.m. and 3:30 p.m. to avoid peak traffic on Sharp Park Road. No explosives will be allowed.

A resolution was adopted that a recently completed beach development and erosion control study be adopted as a general plan for beach areas of the city.

The resolution urges that "all usable portions of the city's beaches be obtained for public use including those in the Rockaway Beach area."

Dr. Luceti Wins County Golf Title

Dr. Ron Luceti, the golfing Daly City dentist, has his third San Mateo County Golf championship.

The former European amateur champion annexed his third title by firing a 69 over the level San Mateo muni link fairways Sunday to close out his four-round championship flight with a 281 total.

Luceti's sub-par score, following a soaring 75 Saturday, enabled him to defeat fast-closing John Brugger of Cupertino by a single stroke. The latter fashioned rounds of 70 and 68 on the final two days to just miss with a 282.

Pat O'Leary of South San Francisco, a member of Colma's famed golfing family, took third place with a 288 score.

Luceti, who also was a semi-finalist in the 1963 British Amateur, previously won the San Mateo championship in 1958 and 1959. He is also a four-time winner of the Palo Alto City championship.

Luceti proved a wire-to-wire victor, coming into Saturday's play with a two-round 139 score.

Tri-City Lob Bay Playoff Is Scheduled

The Championship Lob Ball teams from Daly City, Pacifica and South San Francisco will meet in the first annual playoff for the Tri-City Lob Ball championship at 7:30 Monday night.

The games will be played at the Sanchez Adobe Ball Park in Pacifica. Pacifica and Daly City meet in the first game.

The Daly City Post Office team, coached by Russ Johns, will represent Daly City.

The "Garden Club," South San Francisco city champions, has a record of only 3 losses in five years.

Special PAL Bowling Set

Celebrities will be present at Westlake Bowl at 7 p.m. Saturday to participate in a special squad of the Seventh Annual Daly City Police Athletic League Benefit Tournament.

The theme of the tournament is "bowl to help build better boys" and each year funds are raised by the bowling tournament to support the PAL program in Daly City.

Bowlers are invited to participate in this special squad and compete for the $5,000 in merchandise prizes being offered to the winners.

There will be special prizes for the Saturday night squad.

Coast Bunker Plans Get a Green Light

Tentative architectural plans for the use of cement World War II bunkers in Pacifica by police and Civil Defense personnel have been approved by state and federal government authorities in Sacramento.

Pacifica Police Chief Neil Tremaine, and Paul Rushing, Deputy Director of Civil Defense, attended a meeting held by the authorities. The empty bunkers have been proposed for use as a main police station and an Emergency Operating Center for the Civil Defense.

The bunkers, pill boxes and gun emplacement sites were built as coastal defenses during World War II.

They are situated in the hills east of Oceana High School in Sharp Park. Their military usefulness has been replaced by a Nike missile site nearby.

Programs Set For Pacifica

The Pacifica Park, Beach and Recreation Department has announced a number of new programs for the coming weeks.

They are:

A J-Teen Club has been formed and will be open to any seventh or eighth grade student in Pacifica. Meetings will be held from 3:30 to 5 on Tuesday afternoons at Fairmont and Wednesdays at Pedro Valley.

A folk dancing class series will be held from 10 to 12 Tuesday mornings at Oddstad Park. Mrs. Berenic Brydone-jack, the teacher for the series, says that the courses are open to anyone and are free.

A new schedule for the Pacifica Teen Council has been worked up and was approved at the last meeting of the unit. Any high school student in Pacifica is eligible for the club and can join for $1.

For more information on all the programs interested persons may telephone 355-4151.

CONTEST CONDUCTED

'Prevent Fires' Week Observed

The Daly City Fire Department is observing "Fire Prevention Week" this week.

All Daly City-Colma public and parochial schools are participating in a poster and drawing contest being held in conjunction with the contest.

All students in classes from the third grade through the sixth grade have been asked to draw pictures pertaining to fire prevention in schools, homes and churches.

Seventh and eighth grade students have been asked to make posters of fire prevention procedures concerning the same buildings.

Fire drills will be held at schools during the week, and points will be awarded in 15 categories.

The school with the best record in both the art contest and the fire drill will receive a perpetual trophy.

Judges for the art contest will be: Mrs. Helen Cordell, art co-ordinator for the Jefferson Elementary School District; Mel Battey, insurance agent and Ron Bates, Daly City newsman.

Final judging of the contest will be conducted at the central fire headquarters next Wednesday.

Daly City fire officials in conjunction with their work in the city's fire prevention program, also participated in an annual fire prevention week kick-off luncheon at the Villa Hotel last week.

D.C. Fireman Attends Meet

Battalion Chief Wayne Alexander of the Daly City Fire Department attended a two-day meeting on fire alarms and fire radio networks, held in Riverside.

The meeting was the Far Western Convention of the International Municipal Signalmen's Association.

Alexander is in charge of the fire alarm system in Daly City, he also is a member of the association's education committee. At the convention, he reported on a five-day fire alarm school that will be held in Fresno, beginning April 18 of next year.

Officials of the Westlake Music Center at 323 South Mayfair Avenue in Daly City reported the theft of a guitar valued at $356 last week to Daly City police.

Study Begun Of the Need For Hospital

The newly organized Hospital Committee of Pacifica has launched a study on the need in Pacifica for some type of hospital facility for the city.

The committee has been directed to make a recommendation to the City Council by March 31, 1966. Fifteen Pacificans are members of the group.

Stanley Farber, a pharmacist who is chairman of the group said the Hospital Committee will function in an advisory capacity only after it has made a thorough study of all public and private medical facilities in and close to Pacifica.

The committee's recommendation will include the feasibility of a hospital in relation to cost and upkeep and the type of hospital most suitable for Pacifica.

Farber said much information had already been supplied by the Bay Area Medical Facility Committee.

The possibilities of a Kaiser Foundation hospital, private, public, emergency or even county operation will all be considered, he said.

"An overall picture," is what the committee hopes to achieve, Farber stated. He said that members have no pre-conceived ideas and hope to get as much help as they can from community residents and professional people in Pacifica.

Student Total Is Up in JESD

Officials of the Jefferson Elementary School district reported that enrollment in the district totaled 102 pupils more than the final attendance figure in the 1964-65 school year.

As of September 22, the district had 9,550 registered students.

Probation, Fine In Welfare Case

A Lathrop couple, parents of 12 children, have been sentenced by Municipal Judge Lyle Edson to two years' probation, fined $166 each and ordered to make restitution to the county of $722 after being convicted of charges of welfare fraud.

The district attorney's office charges, on the basis of an investigation made by the county welfare department, that the couple failed to report all of the earnings of the husband, Jerry McCarter, 34, while the family was getting welfare aid.

In other welfare fraud cases:

Mrs. Stella Pasco, 39, of 605 Spruce Street, South San Francisco, was placed on probation for one year after pleading guilty to a charge that she failed to report that her husband, Durant Pasco, had returned to their home and was employed. An overpayment of $270 was charged but the district attorney's office said she made full restitution prior to sentencing.

Mrs. Diane Speakman, 22, of 1114 Madison Street, Redwood City, is in custody on a charge that she was sharing her residence with a man while receiving welfare aid for her four children. The discovery was made when the man, Henry Chapman, was arrested in her apartment on a non-support charge, according to the district attorney's office. An overpayment of $491 was charged.

Betty Jean Thomas, 20, of 1132 O'Connor Street, East Palo Alto, is scheduled to be sentenced October 18 on chargse that she got $84 more than she was entitled to by failure to report her earnings as a clerk.

Hazel Hamilton, 36, of 2204 Menalto Avenue, East Palo Alto, is to be sentenced November 8 on her plea of guilt to charges that she named the wrng man as the father of her fifth child and failed to report that the real father was supporting the child. An overpayment of $1,827 was alleged.

Race Tout Is Arrested

Frankie Rossi, 45, a convicted race track tout, was arrested by San Mateo police Saturday when he returned to Bay Meadows race track after once being ejected from the track.

Police Capt. Clarence P. Silva said a track security officer had ejected Rossi as a convicted tout early in the meet. Later, however, a Kailua, Hawaii, man complained that he had been victimized of $160 by a tout answering Rossi's description, the captain reported.

A short time later, Rossi was spotted by police and arrested for entering the track as a convicted tout. He was booked at city jail and released on $110 bail pending an appearance in Central District Municipal Court Friday at 10 a.m.

Police Hurt Breaking Up S.S.F. Party

Three South San Francisco police officers were injured Saturday night while arresting five 18-year-olds on charges of possessing alcoholic beverages.

Officers Douglas McCool, 30, John I. Foo, 25, and Jules Koefoed, 24, suffered minor bruises and abrasions in an 11 p.m. struggle after neighbors had complained of a loud party near Camaritas and El Campo Drives.

Officer Foo was reportedly kicked in the jaw by Victor M. Santinelli, 18, 659 Baden Avenue, after Santinelli was hauled from a car parked outside the house party.

Santinelli was booked on charges of disturbing the peace and possessing alcohol.

Arrested on charges of possessing alcohol while underage were: Frank H. Portusach, 460 Granada Drive; William Anderson, 318 South Fairway; Paula Jean Winslow, 443 Delbrook Way; and Carol Sue Shannon, 1070 Grand Avenue.

The officers said they found the five teeners in the parked car, with several kinds of liquor present, and that Santinelli resisted when told he was under arrest. The others did not resist, it was reported.

Tickets for Bike Riders

Bicycle riders violating rules of the road in San Carlos will be given traffic citations, police officer Ray Averill told Cub Scout Pack 333 recently. He cautioned them to observe traffic laws just as if they were driving automobiles.

He also said that if too many citations are given a boy, his parents will be notified and his right to ride a bicycle in San Carlos will be suspended.
